

EDITORIAL NOTE

Letter to the Editor

Timon Siepmann*

MD, Department of Neurology, University Hospital Carl Gustav Carus

I am pleased to introduce the Journal of Environmental and Occupational Health is keen in publishing the latest advancements and innovations in a peer reviewed scientific journal known for rapid dissemination of high-quality research. This Journal with high impact factor offers an open access platform to the authors in academia and industry to publish their novel research. It serves the International Scientific Community with its standard on going addiction research publications. The journal focuses on providing most comprehensive and reliable information in advanced areas of Environmental and Occupational Health.

Journal publishes all types of Research like, original articles, review articles, short review, case reports, case studies, case series, short communications, etc. The topics related to this journal include but are not limited to: Air pollution and health effects, Bio monitoring, Biological risk factors and hazards, Chemical risk factors and hazards, Child labour, Climate, climate change and health, Cost-effectiveness studies and economic analyses, Country profiles (environmental & occupational), Dust, Asbestos, Silicosis, Emerging and re-emerging infectious diseases, Environmental health and medicine, Environmental pollutants, Ergonomic risk factors and hazards, Exposure to chemicals and hazardous substances, Flight health, Gender and occupational health, Global burden of disease, Health workers, Healthy homes & places, HIV/AIDS in the workplace, Human resources, Mercury poisoning, Natural disasters, Nutritional health, Occupational risk management, Pesticides, Physical risk factors and hazards, Psychosocial risk factors and hazards, Radiation, Safety and fire management, Ship health, Smoking & tobacco use, Socio-demographic studies, Stress at the workplace, Toxic substances & hazardous wastes, Water pollution and health effects, Workplace health promotion provides free online access to the researchers worldwide.

All published articles are assigned to Digital Object Identifier (DOI), ORCID – CrossRef, Creative commons, Open Access. All published articles of this journal are included in the indexing and abstracting coverage of: Google Scholar, Index Copernicus, Hinari, ScopusMed.

As such, the journal aspires to be vibrant, engaging and accessible, and at the same time integrative and challenging. Average publication lag time of an article was further reduced to 2-3 weeks. Average download per article is increasing and on an average there are 50 downloads per paper. All these are promising signs. We could reach this stage through the constant support of Board Members and intellectual generosity of the readers and contributors (authors and reviewers).

Readers from the major countries including United States, Japan, United Kingdom, India, Egypt and Nigeria visit our journal domain to learn about the on-going research activities in this field. Manuscripts can be submitted online via Editorial Tracking

System or as an E-mail attachment to the Editorial at jenvoh@medischolars.com using Online Review and Editorial Tracking Systems for quality review process and the authors can submit manuscripts and track their progress.

I take this opportunity to acknowledge the contribution of Editorial board members, during the final editing of articles published and the support rendered by the editorial assistants. Lastly I would like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of the Journal, the office bearers for their support in bringing out yet another volume and look forward to their unrelenting support for the successful release of upcoming editions. Needless to say, any papers that you wish to submit, either individually or collaboratively, are much appreciated and will make a substantial contribution to the early development and success of the journal. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of Journal of Environmental and Occupational Health, the office bearers for their support in bringing out yet another volume of JENVOH and look forward to their unrelenting support to bring out the Volume 11 of JENVOH in scheduled time.

Most of the articles are related to computer vision syndrome, socio-demographic status, environmental pollution, quality and stress life of workers, etc. Best articles published so far and:

- Internal migrations and health in Senegal: Healthy migrant or convergence hypothesis by Duboz Priscilla, Boëtsch Gilles, Gueye Lamine, Macia Enguerran.
- Assessment of Knowledge and Seroprevalence of Hepatitis B and C Viral Infection among Health Care Personnel in a Rural Teaching Hospital in South-South Nigeria by Emmanuel F. Osagiede, Ebenezer A Ozomata, Ese T. Osagiede, Johnbull Jumbo, Julius E Ofanson, Stephen O Abah.
- Whole-Body Vibration Exposure from Incubators in the Neonatal Care Setting: A Review by Margaret McCallig.
- A transactional approach of occupational stress and behaviour pivotal to human error and leadership in Maritime by Vineet Kaur Sandhu.
- Perception and Utilization of Cervical Cancer Screening Services among Female Students in Public Tertiary Institutions in Owerri Metropolis, Imo State by Chiedozie Nwachukwu, Nwoke EA, Nwaokoro JC, EdeAO, Iwuo and Ogboga JO.

Best wishes and thank you in advance for your contribution to Journal of Environmental and Occupational Health, Daniel O. Odebiyi, Editor-in-Chief, Associate Professor and Clinical Instructor, Physiotherapy Department, Faculty of Clinical Sciences, College of Medicine, University of Lagos and Yunus Karakoc, Editorial board member, University of Health Sciences (Turkey), Vice President, Department of Biophysics, Hamidiye Faculty of Medicine, Istanbul, Turkey.
